

Advantage Northampton FTP Service – Customer Instructions

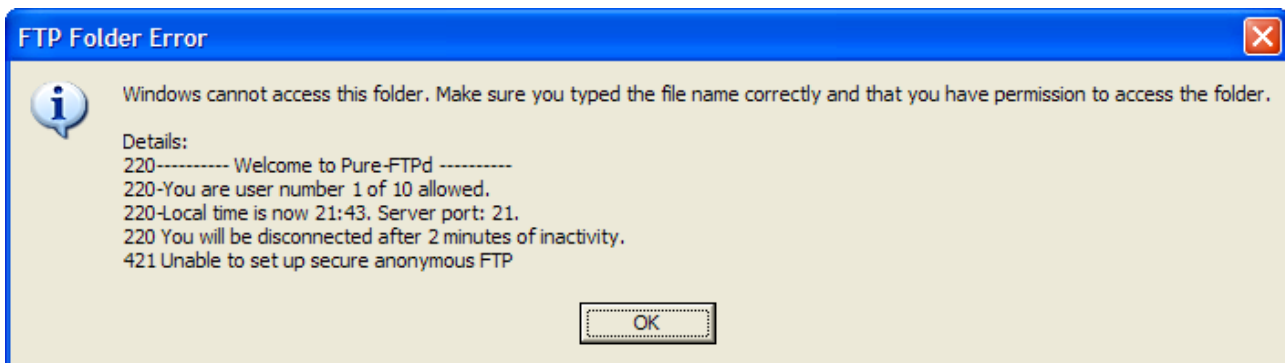

**** You must have a broadband connection to use this service, as dial-up is too slow ****

1. As this is a secure service we do not leave the FTP server turned on. Therefore, before beginning the below process, **you must telephone us on 01604 469933** to let us know that you want to access the server and we will switch it on for you to use.
2. Open **Windows Explorer** NOT Internet Explorer (See APPENDIX 'A' if you do not know how to)
3. Either type in or Copy & Paste the below text into the address bar (See APPENDIX 'B' if it's not visible), then press the 'Enter' key:

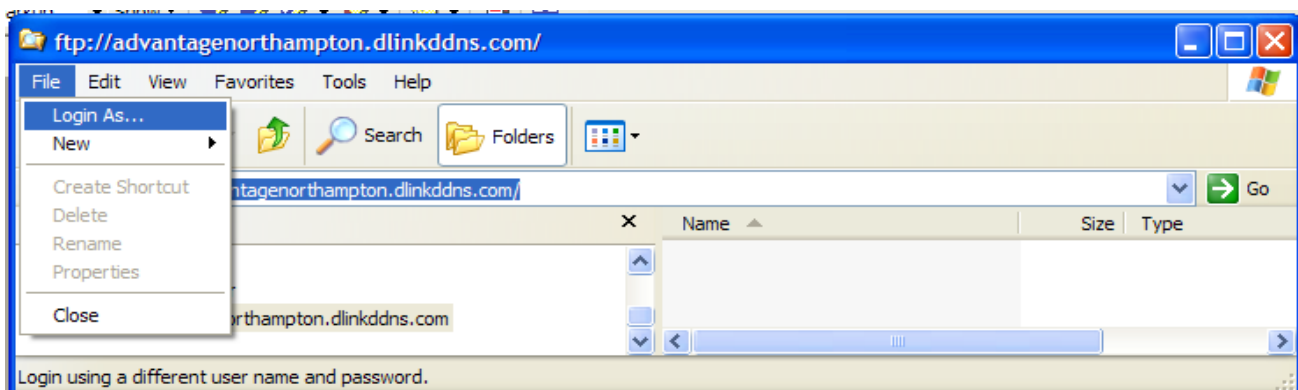

ftp://advantagenorthampton.dlinkddns.com/

4. The following error message box will appear on the screen, this is normal:

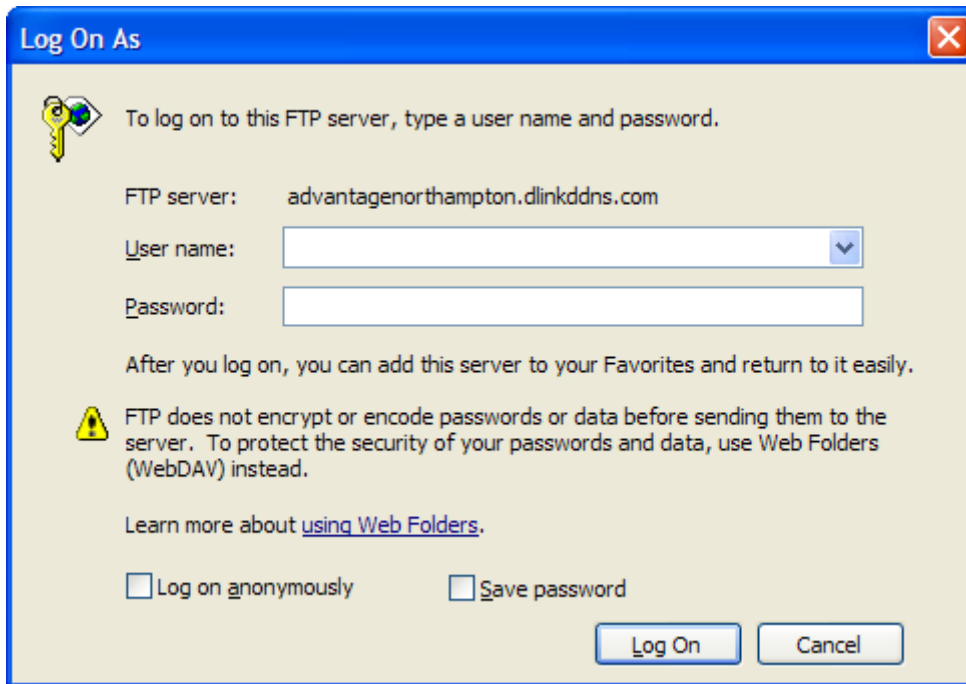

5. Click on the 'OK' button
6. Select 'File' from the Menu Bar and then 'Login As...'
